Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I feel the FDA has entirely too much power & influence in today's society. What about all of the "new" cancer medications that are giving terminally ill people some hope. By the time the FDA approves these medications, these people would have lost their lives!
